

RE: COVID-19 Response – Update #25 – September 02, 2020

The Corix Group of Companies (the Company) is providing this twenty-fifth update regarding actions taken by the Company to address the COVID-19 outbreak since our most recent correspondence to you, dated August 26, 2020. Below you will find several actions the Company has taken since our last update:

- ***Continued Adherence to Updated Policies*** – The Company will continue to prioritize the health and safety of our employees and the communities we serve by making science-based decisions. As local jurisdictions have re-opened, we continue to stress the importance of adhering to the Company’s updated operations policies and procedures in order to protect the health and safety of our employees and the communities we serve. Our Incident Command Team continues to monitor federal, state/provincial and local orders to ensure our essential operations staff remain in compliance with all applicable regulations, guidance and best practices.
- ***Continued Tracking of COVID-19 Case Data*** – Throughout the course of the COVID-19 pandemic, the Company’s Incident Command team has made data-based decisions to protect the health and safety of our employees and the communities we serve. As the situation continues to evolve, the Company will prioritize monitoring COVID-19 case data and guidance from public health organizations in determining our next pandemic response steps. We believe that this science-based approach best positions us to continue to meet our commitment to providing safe and reliable service to our customers while protecting public health.

We hope you find these continuing updates by the Company helpful, and we invite you to email us at communications@corix.com with any questions or concerns you may have.
