RE: Corix Multi-Utility Services Inc. ("Corix") Application for CPCN for Phase 1 of the Neighbourhood District Energy System at the University of British Columbia – Filing of Infrastructure Agreement

On August 8, 2014 Corix filed a CPCN for Phase 1 of the Neighbourhood District Energy System at the University of British Columbia.

On August 29 Corix filed a draft copy of the Infrastructure Agreement, which UBC and Corix were in the process of finalizing.

Attached is the finalized Infrastructure Agreement including all related attachments as listed in the document, with the exception of the Terms and Conditions of Service – the T&Cs will be submitted over the next few days. A black line copy showing the changes to the version of the Infrastructure Agreement submitted on August 29 is included for your reference.

In addition to the attachments listed in the Infrastructure Agreement, also attached are the "Support and Indemnity Agreement" and the "Assignment and Assumption Agreement" – these agreements are referred to in the Infrastructure Agreement.

Eight (8) hard copies of these materials will be sent to you offices within the next few days.

If you have any questions please contact me or Michelle McLarty (604) 697-6782.

Sincerely yours,

Corix Multi-Utility Services Inc.
